Social Tennis Manager

Stripe Payments — Organiser Guide

1 Overview

Social Tennis Manager integrates with **Stripe Connect** to let you collect session payments directly from players. When a player pays, they are automatically confirmed on the roster — no manual admin step needed. Money goes straight into your bank account; STM never holds your funds.

> **Platform fee:** STM charges A$0.50 per booking. Stripe's standard processing fee (~1.7% + 30c) is also deducted automatically from your takings.

2 Connecting Your Stripe Account

Before players can pay online, you need to connect a Stripe account. This is a one-time setup that takes about 5 minutes. Go to **Admin Dashboard** → **Payments** → **Online Payment (Stripe)** → **Connect Stripe Account**.

Step-by-step onboarding (Australia)

1	A prompt appears: "SocialTennis wants to use stripe.com to sign in" — tap **Continue**.
2	You are taken to Stripe Express. Enter your email address and tap **Continue**.
3	Enter your mobile number and verify via the SMS code Stripe sends you.
4	Select your country: **Australia**.
5	Business type: choose **Individual / Sole Trader** (most social tennis organisers).
6	ABN: if you don't have one, tap **"I don't have an ABN"** — this is fine for individuals.
7	Enter your personal details: legal name, home address, email, and phone number.
8	Industry: select **Membership Organisations / Other membership organisations**.
9	Website: tap **"I don't have a website"** then enter a short description, e.g.: *I organise social tennis sessions for players through the Social Tennis Manager app.*
10	Bank account for payouts: enter your BSB, account number, and confirm the account number.
11	Review your details and tap **Submit**. Stripe will display a confirmation screen.
12	Return to the app — your Stripe account is now connected and ready to accept payments.

3 How Payouts Work

Stripe does not transfer funds to your bank instantly. Here is what to expect:

Event	Details
First payout	Stripe holds funds for 7–14 days after your first successful charge. This is a mandatory risk-mitigation period for new accounts.
Subsequent payouts	After the first payout, funds are transferred on a rolling 2-business-day schedule.
Your platform fee (A$0.50)	Goes to the STM platform account, not your connected account. Also subject to the 2-day schedule.
Checking your balance	Log in at connect.stripe.com/express_login using the email you used during onboarding.

4 Viewing Your Stripe Dashboard

When you complete Stripe Connect onboarding, Stripe creates an Express Dashboard account for you. You can access it at any time to view your balance, upcoming payouts, and transaction history.

From the app: Go to Admin Dashboard → Payments → Online Payment (Stripe) → View Stripe Dashboard.

From a browser: Visit connect.stripe.com/express_login and sign in with the email address you used during onboarding.

5 What Players See

When a session has online payment enabled, players go through the following flow:

1	Player taps **Join** on a session.
2	They enter their name and skill level (and any guests).
3	They are redirected to a Stripe-hosted checkout page.
4	They pay by card. The total includes the session price plus any guest fees.
5	On payment, they are automatically added to the roster with status **Paid** ✓.
6	They are returned to the session screen in the app.

6 Pricing & Member Pricing

Prices are set per session when you create it. If you have Members Pricing enabled in your Members settings, you can also set a separate member price for each session. Members will see their price at checkout; non-members see the standard session price.

Price type	Details
Standard price	Set in Create Session. All players pay this unless a member price applies.
Member price	Set per session (if Members Pricing is on). Active members pay this price.
Guest price	Guests always pay the standard session price, added to the total at checkout.
Platform fee	A$0.50 per booking, deducted automatically by STM.
Stripe fee	~1.7% + A$0.30 per transaction, deducted by Stripe from your takings.

7 Frequently Asked Questions

Do I need a business ABN?

No. Individual organisers can select "I don't have an ABN" during Stripe onboarding. This is perfectly valid for sole traders and individuals running social tennis sessions.

When will money appear in my bank account?

Your first payout takes 7–14 days (Stripe's standard new account hold). After that, payouts happen every 2 business days on a rolling basis.

What happens if a player doesn't complete payment?

If a player abandons the Stripe checkout, they are not added to the roster. They can try again by tapping Join on the session.

Can I refund a player?

Yes — log in to your Stripe Express Dashboard at connect.stripe.com/express_login, find the payment under Transactions, and issue a refund from there.

What if I want to disconnect Stripe?

Go to Admin Dashboard → Payments → Disconnect Stripe. The club will revert to Standard Join mode and players will no longer be able to pay online.

Is Stripe available outside Australia?

Stripe Connect is available in many countries. The onboarding process and available business types may differ by country.
